

WORKS FOR ME

## SEBO AIRBELT D DESIGNED TO GIVE YOU MORE...

More capacity, more cleaning range, more performance.  
Made in Germany.

**"Powerful and effective with  
very good filter efficiency"**  
Trisha Schofield, Head of Testing,  
Good Housekeeping Institute

## SEBO AIRBELT D: EVERYTHING YOU NEED IN A GOOD VACUUM CLEANER, AND MORE.

The SEBO AIRBELT D is a better vacuum cleaner. Designed in collaboration with Achim Heine, Professor of product design and member of the German Design Council, this innovative new vacuum emanates form and function in perfect balance. For example the circular front, with its patented airbelt bumper, is ideal for negotiating obstacles and allows a large capacity 6l bag. An extra long 12m cable contributes to an incredible 15.5m cleaning range. To give maximum performance the air path has been optimised and a cone shaped hose has been used, which improves suction. The new Turbofan motor uses the latest turbine technology to give superlative cleaning power: Power that is easy to use with the ergonomic handle grip and easy to control with step-less variable suction adjustment.

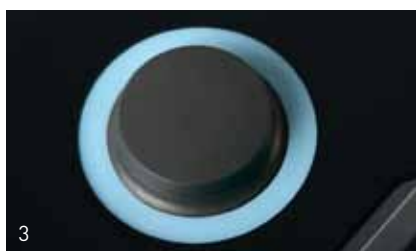

The SEBO AIRBELT D is a quality product, built to be reliable and durable. It offers long life and cost effective use along with the highest levels of filtration, functionality and performance.

- 1 **15.5m cleaning range**  
**Extra range, extra convenience**
- > Reduces cleaning time by not having to keep changing sockets
  - > The 12m cable rewinds at the press of a button

- 2 **6l bag capacity**  
**Extra long life bags**
- > Economical
  - > Hygienic
  - > Easy to change

- 3 **i-Power**  
**Integrated power control**
- > On/off and variable power in one easy to use control
  - > Power adjustment is continuous, rather than stepped, so you can choose exactly the power level you need to clean your upholstery, rugs and curtains
  - > LED indicator

SEBO AIRBELT D2 STORM

- 4 **Patented Airbelt bumper system**  
**Protects your home**
- › High density foam covered by tough lycra-mix fabric absorbs impacts and prevents marking
  - › Eliminates exhaust blast

- 5 **ErgoGrip handles**
- › Ergonomically designed for comfortable use
  - › Easy to manoeuvre the floor cleaning heads
  - › Optimum control of accessories
  - › Integrated power control on D4 models

- 6 **4 castors with soft tyre wheels**
- › Super stable design
  - › Moves easily
  - › Protects your floors

- › Upholstery nozzle, long crevice nozzle and dusting brush
  - › Built into the rear of the machine they are instantly accessible

**SEBO Floorheads:**

The **Floor Turbo Brush** is lightweight, compact and very manoeuvrable. With a rotating brush it is ideal for carpet, especially with pet hair and is suitable for hard floor.

The **Vario Kombi** is truly multi-purpose. It is excellent for hard floor and carpet, especially wool loop.

The **SEBO ET-1** power head has a 175 Watt motor for brilliant performance, with brush on/off control for delicate floors.

The **SEBO DISCO** polisher brings a superb shine to gloss hard floors.
